US COUNTY HUNTING - USA-CA

K8MR - Jim - August 22 to August 23 - SSB and CW
I will be out mobile in the Ohio QSO Party on Saturday, August 22. 1600z to 0400z 8/23. Full OQP info is available at www.ohqp.org/ (NOTE: NEW WEB SITE FROM LAST YEAR). My operation in order: Carroll, Tuscarawas, Harrison, Guernsey, Belmont, Monroe, Noble, (Guernsey), Muskingum, Morgan, Perry, Hocking, Fairfield, Pickaway, Fayette, Greene, Madison, Clark, Champaign, Union, Logan, Hardin, Wyandot, Crawford, Marion, Morrow, Richland, Ashland. Maybe a few more common ones on the way home headed north on I-71. We presently expect at least ten mobiles out in all parts of the state. [County Hunter Web]

K8RYU/R - 22 August to 23 August - SSB and CW
Making the usual trip thru SE OHIO for the Ohio QSO Party. In expected order, SCIOto, PIKE, JACKson, LAWRence, GALLia, JACKson (again), VINTon, MEIGs, ATHEns, WASHington. This year I am solo, so I will not have as much time on-air in each county. I will check 3545 from every county and make noise there, as well as the higher bands, as they have shown some sign of life these past few days. I will post any changes on www.ohqp.org/ (new website this year). Additional note: I am often in Noble, Morgan and some WV counties, with radio. [County Hunter Web]

QSL INFORMATION -

7O1YGF now in LoTW:

The logs for 7O1YGF have now been uploaded to LoTW. Please follow this procedure if you want to claim credit:

As with paper applications if you submitted 7O1YGF in the past and had it rejected, we will accept an e-application via LoTW and you will not be charged a submission fee for 7O1YGF only.

Make sure you have uploaded your QSOs. DXCC cannot open and search the logs for your QSO since doing this will not show the match that is required for a LoTW confirmation;

Access your account and begin the application process;

If you select only the 7O1YGF QSOs you will not be assessed the fees that LoTW will report back to you. If you choose other QSOs a regular submission fee will apply;

Complete the application (all 4 parts) and DXCC will place your e-application on the list for processing;

Special note for 7O1YGF applications ONLY: On Part 4 of the LoTW application click "Payment by mail" This step is VERY important to assure proper handling. If you clicked on part one any QSOs other than 7O1YGF you must make proper payment.

Again: The above is ONLY for 7O1YGF submissions. Applications with other QSOs will be handled, and charged, as a regular submission.

DXCC will not acknowledge completion of the application. When finished, your numbers in LoTW will reflect the completion of your e-application.

If you achieve Honor Roll or Top of the Honor Roll from this submission and you would like to order the wall plaque, you can send me an e-mail or fax your order or send the order form by regular mail.

SILENT KEYS -

Mickey "Santa Claus" Hicks, WO6T (SK)
WO6T -- known to many amateurs and their children as Santa Claus -- passed away Sunday, August 9. He was 79. For the past 38 years, Hicks, a ham for almost 50 years and a long-time Amateur Radio instructor, would get on the air for 10 days each December as W6S (Whiskers-6-Santa). Mark Slater, WI6J -- Hicks' QSL manager -- said Hicks was an avid DXer, contester and rag chewer: "He had a passion for radio and making new

friends through the hobby he enjoyed so much. Mickey will be greatly missed." Slater said that he will continue to confirm WO6T/W6S QSL requests "indefinitely." Hicks, of Bakersfield, California, was a member of the ARRL A-1 Operator Club and a long-time member of the ARRL, the Northern California DX Foundation, the Central Valley DX Club and the Kern County Central Valley Amateur Radio Club. Midway Island 2009

Press Release Number 6 August 22, 2009

The K4M team has passed two important milestones this week. First we are pleased to present our transportation to Midway on October 9th 2009. The team has chartered the G1 with the call sign N8E.

Secondly, all radios, computers, antennas, coax, and the rest of the tons of gear have left Hawaii on a supply ship to Midway and will wait for the team there.

Fundraising continues on our website, www.midway2009.com . If you haven't visited it in a while stop by and help support our effort. All pre expedition contributors who are on LOTW will receive their confirmations within a week of the end of the DXpedition.

This month we are highlighting three more team members. You can read all their history at: www.midway2009.com/meettheops5.html

ILLW 2009 WRAP UP -

This annual amateur radio event held on the 3rd full weekend in August has once again brought amateur radio operators, lighthouses and the public together again to promote International goodwill, lighthouses and amateur radio. This year?s event, held on 15-16th August, saw an all time record number of 442 participants from 50 countries transmit from a lighthouse somewhere near their place of residence.

The ILLW is in its 13th year having commenced its existence in Scotland in 1995 as the Northern Lighthouses Award for ham radio operators. In 1997 it became an international affair and has grown each and every year since. This year saw a 10% increase in submitted entry forms which can be viewed on the web site http://illw.net . Alaska was a first this year with an entry for Sentinel Island. Germany listed 55 lighthouses, Australia 49, USA 47, and England 43. Malaysia celebrated their Lighthouse Weekend with 9 lighthouses taking part. The Azores, Balearic Islands, Egypt, Slovenia, Panama were some of the smaller countries represented with one entry from each.

All in all a very successful event. Looking forward to 2010.

Kevin, vk2ce.

Hello Folks,

As many of the old timer's know, I used to keep a list of "Regular world nets", that are currently QRV on the LF and HF bands.

I stopped doing the listings in 2004, as printing and postage was getting expensive. Plus the fact that nowadays, people search online for information.

I have been requested, to try and update the listings and post it in online in PDF format.

So with this in mind, if any of you call into, or listen to any regular nets around the world on the LF or HF bands, (Including local club nets), can you send me the following info please?:

Net Name,
usual Controllers callsign,
day of the week (or ALL if daily),
Net start time - UTC,
usual QRG,
Mode,.
Language - if other than English.

I will then try to build up a "current" list over the coming months, in both Doc and PDF formats and email it to anyone that requires a copy.

Mail to: dx_newsdesk at yahoo.co.uk OR
dx.newsdesk at ntlworld.com

When completed, it will be downloadable from:
http://www.dx-newsdesk.co.uk/

Many thanks in advance for your help.
